Department of
Natural Resources

ABOUT THE PROGRAM

When you have your deer processed at a participating meat processor, ask to have the entire deer or portions of the meat donated to the program. You may have the Illinois Sportsmen Against Hunger program assist with the processing cost which offers a flat payment of \$35 or, to further benefit the program, you can pay for all or a portion of the processing costs.

Volunteers from charities or food banks will pick up frozen packages of venison from participating meat processors. Only licensed shops are participating to ensure the quality of the meat. Donations of meat directly from the hunter cannot be accepted. Meat processors will wrap the meat into packages of burger. A record of all donations will be kept in order to recognize donors.

HUNTERS THAT WISH TO PARTICIPATE:

Hunters agree to properly field dress their deer in a timely manner and deliver the deer to a participating processor and complete the donation form.

The hunter has the option of either paying for the processing which is tax deductible or ask that the program assist with the \$35 fee.

2004 PARTICIPATING MEAT PROCESSORS

REGION I

Alwan & Sons Meat Co.
Galesburg (309)343-8211
Astoria Meat Market
Astoria (309)329-2577
